

Rising First Grade Summer Reading
Cambridge Academy
2024-2025

For students entering First Grade, we encourage reading or being read to 4 days per week. Reading chapter books to your child helps to increase vocabulary and comprehension skills. Please note that the following books are only suggestions. Feel free to add any books that are appropriate for your reader. In order to tell if a book is a good fit, have your child read the first page of the book. If he/she struggles with more than 4-5 words on the page, it is probably too difficult but it still would be a great book to read aloud to your child.

Dr. Seuss Collection
Hi! Fly Guy Series by Tedd Arnold
Mercy Watson Series by Kate DiCamillo
I Can Read Pete the Cat by James Dean
National Geographic Kids Readers

Summer Reading Project

Your student will make an ice cream cone and list each book read on a scoop of ice cream. Students can use paper, construction paper, poster board, etc., for their project. Be as creative as you would like. Please turn in this project on the first day of school.
